PROFESSIONAL SUMMARY

Computer Science student with hands-on experience in web development and application development. Skilled in **JavaScript, React.js, HTML, CSS, Node.js, Express.js, MongoDB, SQL and Java**. Familiar with building responsive web applications, REST APIs, CRUD operations, database integration, React components and state management. Interested in developing scalable and user-friendly full-stack web applications using the **MERN stack**.

EDUCATION

Francis Xavier Engineering College, Tirunelveli

Bachelor of Engineering - Computer Science And Engineering,

2023 – 2027 | Current: 4th Year

Grade: 8.18(CGPA) (Until 6th Sem)

St Xavier's Higher Secondary School ,Tirunelveli

Higher Secondary Certificate(HSC),

Graduated: 2023 | Grade: 83.3% (percentage).

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript, React.js, React Hooks, Responsive Web Design
- **Backend:** Node.js, Express.js, REST APIs, API Routing, Middleware, CRUD Operations
- **Database:** MongoDB, Mongoose, MySQL, SQL, Firebase
- **Programming Languages:** Java, JavaScript, C
- **Development Concepts:** OOP, DBMS, Data Structures, API Integration
- **Tools:** Git, GitHub, VS Code, Postman
- **UI/UX:** Figma, Canva
- **Mobile Development:** Flutter, Flutter Flow

PROJECTS

Restaurant Management System

Web Application

- Developed a responsive restaurant management web application using **React.js**.
- Implemented React Hooks including **useState and useEffect** for component state and application behavior.
- Developed functionality for **menu management, customer orders and responsive user interfaces**.
- Applied reusable React components to improve application structure and maintainability.
- Worked with frontend application architecture and user interaction flows.

Portfolio Website

Web Application

- Developed a responsive personal portfolio website using **React.js, HTML and CSS**.
- Created reusable components to showcase projects, technical skills, certifications and contact information.
- Implemented responsive layouts for improved usability across different screen sizes.
- Focused on clean UI design and user-friendly navigation.

FixNGo – Roadside Assistance System

Flutter Application

- Developed a roadside assistance application using **Flutter** to connect users with nearby verified mechanics and emergency vehicles.
- Implemented **GPS-based location functionality** for assistance discovery.
- Designed emergency **SOS functionality** to improve accessibility during roadside emergencies.
- Focused on creating a user-friendly mobile application interface.

AgriConnect – Farmer and Consumer Platform

Flutter Application

- Developed a digital platform concept connecting farmers and consumers for direct interaction and access to agricultural products.
- Designed user flows for separate farmer and consumer experiences, including login and application navigation.
- Worked with MongoDB for database and application backend services.
- Focused on responsive, user-friendly interfaces and practical agricultural marketplace functionality.

PROFESSIONAL EXPERIENCE

- **UI/UX Design Implant Training**

Infosmite | Jun 2024 – July 2024

- Created professional UI designs for web and mobile applications using **Figma**.
- Designed user interfaces with a focus on usability, consistency and user experience.
- Applied UI/UX principles to create structured application layouts.

CERTIFICATIONS

- **Red Hat System Administration I (RH124 - RHA) – Ver. 10**
 - Completed training in Linux system administration, command-line operations, user and group management, file and directory management, permissions, and system administration fundamentals.
- **Programming Using Java – Infosys Springboard**
 - Completed training in **Java fundamentals and Object-Oriented Programming (OOP)**.
- **Cisco Python Essentials 1**
 - Completed training in Python fundamentals, programming concepts, variables, data types, operators, control flow, functions, and basic problem-solving.

EXTRA-CURRICULAR ACTIVITIES

- Participated in college-level hackathons and coding competitions to sharpen problem-solving skill
- Took part in green campus and digital awareness initiatives conducted by the college.
